SUMMARY

Results-driven MERN Stack Developer with proven expertise in designing, developing, and deploying scalable full-stack web applications. Specialized in React.js, Node.js, Express.js, and MongoDB with strong command of RESTful API development, JWT-based authentication, database optimization, and performance tuning. Proven ability to improve application efficiency by up to 30%, reduce API response time, and deliver secure, production-ready solutions in remote and collaborative environments.

University of Central Punjab, Lahore

Oct 2022– July 2026

Bachelor of Software Engineering

Punjab College, Lahore

Oct 2019 – May 2021

ICS: Intermediate in Computer Science

WORK EXPERIENCE

- *Developed and deployed 5+ full-stack MERN applications*
- *Reduced backend API response time by 25% through optimized MongoDB queries and indexing.*
- *Built reusable React components, improving frontend development speed by 30%.*
- Implemented secure authentication systems using JWT and role-based access control.
- Collaborated in remote team environment using Git version control and structured workflows.

CodeAlpha Tech Company

Intern Product and Services Department (Web Development)

Sep 2025 – May 2025

- Designed and delivered 10+ responsive websites with 100% mobile compatibility.
- Integrated frontend and backend systems, improving application performance by 20%.
- Implemented full CRUD systems and REST APIs for scalable data management.

PROJECTS

Final Year Project

CurePath AI – Smart Healthcare Assistant (MERN Stack, AI Integration)

July 2025– June 2026

Engineered a HIPAA-compliant MERN healthcare platform featuring AI-driven diagnostics, medical image evaluation, and real-time WebRTC communication

GymWeb (Chat Assistant Based WebApp)

Developed a responsive React-based fitness application with an integrated AI workout assistant, voice output features, and dynamic API data fetching.

Leadership in Problem Solving

Logical Analysis & Solution-Oriented Approach

Applied analytical and problem-solving skills to debug code, resolve issues, and optimize application performance

SKILLS AND CERTIFICATIONS

Technical Skills: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, React.js, React Native, PHP, Software Testing

Interpersonal Skills: Communication, Teamwork, Problem-Solving, Time Management, Adaptability

Certifications: Full Stack Web Development – PNY Trainings, Advance Python –NavTac
